Flexible Scope: Additional parameters may be added which are indicated on its scope in accordance with the laboratory's approved and documented procedures and with using the same measurement technique. For details refer to the laboratory's List of Additionally Accredited Tests, available from the TURKAK web site(<https://www.turkak.org.tr>).

<sup>1</sup>Laboratory may add new materials/products on its scope.

<sup>2</sup>Laboratory may add new test parameters on its scope.

<sup>3</sup>Laboratory may do modifications on test method performance.

<sup>4</sup>Laboratory may add equivalent test methods on its scope.
